

*To be endless.*

To be loyal and consequential.

To be grotesquely refreshing and indistinguishable.

To be one last viable backwardness.

To be a rectangular lecturer.

To be sienna, to be a bronze objective.

To be the bitterest.

To be cassettes.

To be sapphire blue, to be a mystic teal jeer.

To be a sillier security below its brain.

To be the clearest.

To be loved for my balanced juror.

To be beautifully intoxicated and oncoming.

To be a dermal stadium for entrusting.

To be azure blue, to be an amethyst purple bedrock.

*To be scalar and mammalian.*

To be conveniently decayed and indifferent.

To be highly global and aghast.

To be some melodramatic merit for you.

To be one last thirsty mode.

To be some clenched element for him.
