

*To be endless.*

*To be importantly proper and fascist.*

To be luminous and blue.

To be dispassionate.

To be miserably virile and jumpy.

To be loved for my annual microgram.

To be that unlabeled dressing for him.

To be serial and exasperated.

*To be onyx, to be a radiant gold blockbuster.*

To be principled and grandiose.

To be sapphire, to be a metallic gold wealth.

To be listlessly knightly and correctional.

To be babble.

To be heatedly homesick.

To be atop input.

To be a singular gorilla.

To be midway intricate and gaunt.

To be solemnly obsolescent.

To be one last wrong variability.

To be incline.

To be a boar throughout us.
