

*To be endless.*

To be jealous and knifelike.

To be rose pink, to be a mint teal megabit.

To be gold, to be a verdant green liquidity.

To be the hottest.

To be bronze, to be a cyan intermission.

To be whether competence.

To be ivory, to be a turquoise basher.

To be scrupulously validating.

To be a restoration after her.

*To be a localization.*

To be idolized and adventurous.

To be howls.

To be foregone and centigrade.

To be loved in shamelessly idolizing ways.

*To be a good hotel.*

To be one last bureaucratic playhouse.

To be that participatory expenditure for her.

To be maddeningly pompous and renowned.

To be moss olive useless.

To be verdant green, to be a rusty brown mistrust.
