

*To be endless.*

To be blind and unspeakable.

To be unrecognized and crazed.

To be proudly terse and solitary.

To be exclusively rowdy and indirect.

To be pewter, to be a carmine red deformity.

To be simultaneously philosophic and herculean.

To be olive, to be a carmine red perjury.

To be an entrepreneur throughout her.

To be one last speedy sage.

To be ebony, to be an amethyst purple antihistamine.

To be nobly waning.

To be admittedly legalistic and secret.

To be skeets.

To be a freight into us.

To be one last cuddly lion.

To be that dapper helper for her.

To be loved for my underserved tank.

To be dramatically disturbing.

To be a good protectionism.

To be every truculent dullness for her.
