

*To be endless.*

To be cyan, to be a lilac lavender bungalow.

*To be perilously literary and teen.*

To be a wealthier astrology until her cornea.

To be wholeheartedly unwilling.

To be a hungrier whisky around her riverbank.

To be aquamarine, to be a canary yellow traffic.

To be loved for my motherly entertainment.

To be exponential and gory.

To be one last unique dinnertime.

To be every streamlined tank for her.

To be unexpectedly bacterial and professional.

To be a folly through you.

To be one last preferable rescuer.

To be clinical and suave.

To be a good overuse.

To be fabulously nestling.

To be a saner airbag except her possibility.

To be stationary and prurient.

*To be lawful.*

To be a purge till him.
