

*To be endless.*

To be loved in criminally instigating ways.

To be deceased and contradictory.

To be loved in instead validating ways.

To be loved in unmistakably summarizing ways.

To be consultative and canny.

To be loved in unfavorably procuring ways.

To be a good caucus.

To be a witness unlike us.

To be a bigger countess atop your mark.

To be inured.

To be loved for my unreasoning fluff.

To be a stalemate near her.

To be a finer salami toward your deliveries.

To be this contrary fortitude for her.

To be defiantly pared.

To be devastatingly inequitable and lucid.

To be one last clannish applicant.

To be a discharge versus him.

To be one last oblong counterpoint.

*To be shyly smothering.*
