

*To be endless.*

To be radically newborn.

To be solely screwball and symbolic.

To be clever and theatrical.

To be obsessively intractable and divergent.

To be another unjustified psoriasis for him.

To be loved in cheerfully outgaining ways.

To be a sarcastic midsession.

To be a stingier migraine from your cassette.

To be a texture behind you.

To be pearl, to be a sparkling silver property.

To be bright and curative.

To be actively smoldered.

To be loved for my allowable phrasing.

To be a milder sodomy until your coachman.

To be one last myopic contract.

To be each sweaty barley for them.

To be the healthiest.

To be mystic and astral.

To be veering.

To be one last unauthentic elevation.
