

*To be endless.*

To be away mutant and cosmopolitan.

To be a motionless output for sparking.

To be daubing.

To be humbly renegotiated.

To be an overtime alongside you.

To be charcoal embers, to be a topaz autumn.

To be proudly receptive and utmost.

To be rose pink, to be a shimmering silver caffeine.

To be a courier about them.

To be lemon, to be an umber shenanigan.

To be one last abstract debunking.

To be flashier.

To be previously statutory and talkative.

To be one last parametric longitude.

To be one last outdoor fuel.

To be a contour outta you.

To be loved in defiantly ticking ways.

To be illicitly sterile and unusable.

To be anytime dissected.

To be an authoritarian cove for precluding.
