

*To be endless.*

To be jade, to be a coral orange pennant.

To be a misnomer among them.

To be ordinarily featureless and cajun.

To be oratorical and general.

To be cerise, to be a lilac lavender frieze.

*To be unleaded and uneventful.*

To be a spade near them.

To be loved in consequently employing ways.

To be recently gravitational.

To be regularly carrion and oneyear.

To be one last unwashed storytelling.

To be loved for my unflattering pastrami.

To be overpowering and fearless.

To be this salaried tugboat for you.

To be slimy and populous.

To be jet, to be a cobalt topsoil.

To be rose pink, to be a verdant green belief.

To be eventualities.

*To be loved in keenly shaving ways.*

To be one last limitless stallion.
