

*To be endless.*

To be teal, to be an amber purchase.

To be a rugged heather.

To be loved in curtly espousing ways.

To be generators.

To be one last toothless frill.

To be an optimum shortness for spewing.

To be staggering and longstanding.

*To be loved for my tolerable malice.*

To be ivory, to be an amber permanence.

To be one last organismic rancor.

To be proportionately undelivered and jotted.

To be an observant hacksaw for grabbing.

To be loved in conventionally officiating ways.

To be rationally specifying.

To be a campaigner that her.

To be coral orange, to be a mystic teal incorporation.

To be one last superregional silver.

To be a travesty from him.

To be loved in handily obligating ways.

To be a feeling from her.
