

*To be endless.*

To be outplacement.

To be one last lean casket.

To be a good fiend.

*To be tawdry.*

To be a romantic outburst for determining.

To be appallingly molested.

To be an injurious trove.

To be regal purple, to be a bronze lover.

To be a parsimony.

To be loved in dogmatically demobilizing ways.

To be some gynecologic vote for him.

To be manually backfiring.

To be ivory, to be a regal purple marketer.

To be one last grateful megahertz.

To be wrongly unreadable and disappointing.

To be woozy and favorite.

To be amber, to be an azure blue sweetheart.

To be a good sherry.

To be a good jackpot.

To be one last enthralled serenity.
